- a. Positions held : N/A
- b. Statements of Intent submitted for the above positions / N/A
- c. Results achieved/ action taken against the : N/A

**Statement of Intent:**

On being elected for the nominated office the path I would take to serve the society can be better explained in the following manner: -

If elected as Divisional Chairperson (Division I) – Systems. CSI my aim would be to:

- In collaboration with CSI Chapters, finding ways to improve exposure to technology and computers to college under-grads, masses and professionals.
- To Increase the Participation of CSI Members in the Election Process
- To increase the membership of the Society
- Conduct Seminar, Lectures and workshop at chapter level to address real world problems that can be resolved/ addressed by using CSI resources.
- To build the still existing bridge between computer literate and computer illiterate
- To reach to the youth and motivate them and give an opportunity to make them come up
- To initiate free computer education in remote places thus bringing in the dawn of tech literacy among the unfortunate youth thus building a stepping stone for them to compete the world and come up .
- Help in getting fund from Government organizations/ Ministries for the Conferences/ workshops etc
