STATEMENT OF INTENT

Develop CSI as Common Platform for Collaboration to Innovate: The year 2017-18 is expected to provide a common platform for Researchers, IT professionals, Software developers, Scientists, Academicians, Project Managers, CIO's, CTO's and IT vendors to bring out their innovative ideas and to converge on the IT technologies and R&D activities which to be initiated within our country to meet the immediate and future IT and electronics requirements.

I can be of great assistance to you as an Nomination Committee member, a facilitator of cross-discipline collaborations, investigating allegations of improper election procedures, serving as an appeals board for any member or candidate dissatisfied with any CSI election. I will review the policies and procedures of the nominating committee with the committee members and staff and insure that all activities of the committee are in compliance.

As a member of CSI, I would also help to promote Society membership and visibility in India. As Nomination Committee member of CSI, I would extend my services on fulfilling the above while carrying out my duties as per the CSI Constitution and bye-laws.

With Regards and Respects,
