*Nomination for the Post:   Member Nomination Committee(2022-2023)*

## My Promise to:

In recent years the nomination committee has been portrayed as the poor relation of the main board committees. I like to play a pivotal role in conducting election and appointing President, vice President so on and so forth because I believe if the Committee lacks the right balance, knowledge, skills and attributes, the likelihood of it and its committees operating effectively is greatly reduced.

I will keep confidential all issues discussed on the meeting(s) and not to disclose relevant information without permission.

I will attend  meetings of Nomination Committee which  may be held physically or via on line

I will work for uplifting dignity and sanctity of CSI  not for my personal gain.
