Final Nominations After Withdrawal For The Post Of
Hon. Secretary

STATEMENT OF INTENT (For Term 2022-2023/2024)

If elected for the post of Hon. Secretary, I wish to undertake the following seriously :

1. Maintain transparency in the ExecCom functioning.
2. Try to create understanding within the ExecCom and different Chapters so that we are able to lift ourselves above the personal or regional interests and create harmony with members of CSI.
3. Plan to devise a system where we are able to extend help to Institutional Members and the Students in particular.
4. Increase the member's base of CSI as I had been doing in past also.
5. Try to devise a plan to involve more and more Institutions with us and increase the number of Institutional Members and then convert them to Student Branches also even during the period of disturbance at least 15 institutional members were added throughout India.
6. I will collect the data from the Chapters and will try to devise a plan to make them more vibrant so that we have better connect with the technocrats and IT and Computer related people. This will not only increase the acceptability of CSI but also will help us in the increase of membership.
7. Will try to close all pending issues with authorities by finding the amicable solutions for these issues and then put a system in place where these problems do not surface again.
8. I will try to implement special programmes for these members so as to give them not only the expert knowledge of the subject but also enhance their communication skills and personality as a whole.
9. I shall seriously plan and try to create a situation where CSI is considered as an advisory body / active partner in the implementation of the Central as well as State Govt. Projects. (In Lucknow we already started working on the proposal of certain projects.)
10. There is no need to say that I will try to promote the overall activities of CSI in the country as it will be my basic duty.
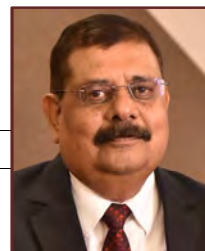

I would like to add here that for the post of Hon. Secretary we require a person who will seriously and religiously perform his/her job. The people, who are manipulators and noise creators, always misrepresenting the facts for their own interests are not going to help CSI. I assure you that in me you will find an honest, silent and sincere worker who would always work for the betterment of CSI.

STATEMENT OF INTENT

- CSI is today at a critical juncture with great expectations from our members. There is a necessity to create an atmosphere of trust and build confidence. The role of the Secretary is crucial to ensure effective communication y with all the stakeholders. It shall be my endeavour to carry this out transparently and professionally

- The CSI Secretariat (both at HQ Mumbai and Education HQ at Chennai) needs to be equipped with relevant digital technologies and trained staff to ensure that we utilize IT effectively to manage our operations and are able to respond to all our stakeholders in time. I shall work on implementing this in a time bound manner

- With my past experience as Hon. Treasurer and as the Head of an IT organization, I would work towards improving the current administrative procedures of CSI through "Best Practices and Effective Processes" to facilitate smooth operations. I shall extend all possible support to the Finance committee to resolve fiscal matters

- The motto of CSI being "IT for masses", it is our bounden duty to ensure **diversity and inclusion** in all our activities. It shall be my sincere effort to ensure that the membership of CSI is increased substantially and is drawn from traditional and new sources. IT has become an integral part of every organization. A sustained membership drive has to be launched to encourage more professionals from leading IT companies, IT support staff from industry, faculty from academic institutions to become CSI members and contribute to our activities across the country

- Students and student centric activities have always been the backbone of CSI. I shall make efforts to forage new relationships and create opportunities for knowledge dissemination by involving leading researchers, IT opinion leaders and passionate mentors

- CSI could play a vital role in the Digital roadmap of our country. We have the largest membership base and network amongst any professional organization. I shall explore opportunities to create necessary linkages with the Government with the support of the Execom to make CSI more visible in the relevant forums

- India today has one of the largest Start-up communities in the world, a major portion of which is IT centric. Unfortunately, CSI has not been part of this community. It shall be my sincere wish to engage with this eco-system thereby bringing the benefits to our student fraternity through internships, projects and career opportunities

- Having played an active role in several prestigious conferences and conventions including CSI – 2016, I shall extend all necessary support to the VP- CSI, Divisional Chairs, RVPs and Chapter Chairs in organizing large events for the benefit of all members. Bringing a better value proposition to members would be my key objective

- With the experience of curating several National level events including Quizzes, Programming and Project contests involving thousands of students, I shall support the NSC, Education Directorate and Student Branch Coordinators to carry out several activities for the benefit of students

- With the knowledge of managing CSI administrative matters, (having been a part of the CSI Execom as Hon. Treasurer), I shall extend all necessary support to the other elected members to streamline operations and make CSI vibrant by supporting Chapters and Student Branches in all their activities
