Dear Members,

I have pleasure in presenting this Fortieth Annual Report of the Computer Society of India, for the year 2004-2005.

The year 2004-2005 has been a significant year for the Computer Society of India on two counts. Firstly, the Society which was formally established on 6th March, 1965 at Hyderabad, successfully completed 40 glorious years of its existence and active performance. Secondly, the Society which started initially with just 16 members, for the first time surpassed the coveted figure of 30,000 members during the year. It will be our endeavour to increase the membership strength of the Society to at least 20% of the Professionals in the country.

Operational Highlights

1. The Executive Committee (ExecCom) of CSI entrusted with the responsibility of providing strategic direction to implement the plans and meet the objectives of the society met five times during the year.

   Corporate Officers on behalf of the ExecCom conduct the day-to-day operations and administration of the Society. During the year they met five times.

2. ExecCom is of the view that Regional Meetings of the Chapters should be held at the beginning of the year to facilitate interaction between the Chapters, Regional Vice Presidents and some of the Divisional Chairmen. Accordingly, a Regional Meeting each of the Chapters in the western, southern and eastern regions were held at the commencement of the year.

3. The CSI Think Tank consisting of the Fellows and Past Presidents of CSI met on 1st December, 2004 during the CSI-2004 annual national convention at Mumbai and after a brief review of the functioning of the Society, gave its valuable advice to the ExecCom on policy matters, and made the following suggestions.

   i. Have a long term strategy, vision and mission that could also help CSI in enhancing its image.

   ii. Make a good CD on CSI and project it to others to attract new members.

   iii. Increase women membership of CSI and motivate them to get involved in CSI activities.

   iv. Organize good programs for student members including talks by experts, to enhance knowledge on latest developments and innovations in the field of IT.

   v. To spread and increase IT awareness promote IT Clubs in schools and run some quiz programs etc.

   vi. Promote good educational courses and certification programs.

   vii. Make concerted efforts to substantially increase membership.

   viii. Improve the quality and content of CSI publications.

ExecCom noted that action on some of the above suggestions had already been initiated. Hence, it initiated steps during the year on implementing the other suggestions. In an effort to increase membership a CD on CSI prepared the previous year was improved upon and distributed to many institutions and individuals. Regional Vice Presidents with the assistance of Regional Student Co-ordinators made concerted efforts to increase student members resulting in significant increase in enrolment of new students and formation of new Student Branches as can be seen in the details given in the succeeding paragraphs. To improve the content of our publications, special issues of CSI Communications focused on specific contemporary themes were brought out every month commencing in December 2004. Talks on latest trends, developments and innovations in the field of IT were organized by many Chapters and Student Branches for the benefit of their members and others and the relevant activity reports published in CSI Communications. The details of the educational and certification programs conducted during the year for students and others are given in the succeeding paragraphs.

4. The Annual National Council Meeting and the Annual
General Meeting of the Society were held on 1st December, 2004 and 3rd December, 2004 respectively during the CSI-2004 annual convention at Mumbai. Important matters concerning the functioning of the Society were considered at these meetings and approved.

Membership Highlights
The overall membership strength of the Society at 32,229 at the end of the year on 30th June, 2005, registered a growth of 33.7% over that at the end of the previous year. There was an increase in the student membership by 61.76% as compared to that at the end of the previous year.

Membership Summary

CSI is a technical Society and its role is to bring technical knowledge to all its members. A technical society has to build professionals and it starts with the students. Initiating steps and implementing them to address these issues is a continuous process. During the year 2004-2005 the Society enrolled nearly 8,000 new Student Members and approved formation of 46 new Student Branches. To encourage the Student Branches to conduct activities the Society extended financial assistance during the year to Student Branches who conducted activities.

The ExecCom continued its efforts at enrolling life members and as a result, the number of life members increased from 5719 as on 30th June, 2004 to 6233 as on 30th June, 2005.

CSI Fellowships

During the year, the Society with pride and pleasure conferred CSI Fellowships on its following Senior Life Members in recognition of their significant contribution to the growth of the Society and also information technology at the national level.

1. Dr Vasanth B Kaujalgi, Bangalore, Professor and Visiting Faculty to more than six Universities and Institutes including California State University, USA, and Member of Faculty Selection Committee to a number of Education Institutes.

2. Dr Shashikant Anand Kelkar, Mumbai, Adjunct Professor at KRESIT, IIT, Mumbai, Visiting Faculty at TISS, Director of Geodesic Information Systems Ltd, and a member of the Governing Council of Somaiya Institute of Technology.

3. Prof P Thirumurthy, Vijaywada, Professor at Acharya Nagarjuna University, Vijaywada, and former Professor at Sardar Patel University and Gujarat University.

Chapters

As on 30th June, 2004 the Society had 63 Chapters across the country to conduct its activities. Some of these Chapters were not active and not functioning in accordance with the norms and guidelines of the Society. The ExecCom made considerable efforts at activating these inactive Chapters but noted that the Chapters at Rajkot and Ujjain in particular were not showing any signs of revival. Hence, the ExecCom revoked these two Chapters during the year.

During the year the ExecCom established new CSI Chapters at Annamalai University, Annamalai Nagar, Vellore Institute of Technology, Vellore and Koneru Lakshmiah College of Engineering, Koneru (near Vijaywada). Also, the Chapter at Thane approved earlier was inaugurated in January, 2005 thus increasing the number of CSI Chapters to 65 as on 30th June, 2005. Further, efforts were on to establish a new Chapter at Chidambaram in Tamil Nadu, at the earliest.

Student Branches

During the year the Society received proposals from various educational institutions seeking approval to form CSI Student Branches. The proposals received from the following educational institutions were found to be conforming to the relevant criteria and norms of the Society and hence the ExecCom approved them to form Student Branches.

1. L D College of Engineering, Ahmedabad
2. Oriental Institute of Science & Technology, Bhopal
3. University Institute of Technology, Bhopal
4. Baba Bandesing Bahadur Engineering College, Fatehgarsahib, Chandigarh
5. Erode Senguttner Engineering College, Erode
6. Jodhpur Engineering College & Research Centre, Jodhpur
7. J N T U College of Engineering, Kukatpalli, Hyderabad
8. G L S Institute of Computer Technology, Ahmedabad
9. Kakinada Institute of Engineering & Technology, Kakinada
10. Mohandas College of Engineering & Technology, Trivandrum
11. International Institute of Information Technology, Pune
12. G Narayannamma Institute of Technology & Science, Hyderabad
13. MAR Baselios College of Engineering & Technology, Trivandrum
15. Sethu Institute of Technology, Kariapatti (Virudhunagar Distt.)
16. Pune Institute of Engineering & Technology, Pune
17. G L A Institute of Technology & Management, Lucknow.
18. Acharya Institute of Management Sciences, Bangalore
19. St Joseph’s College of Engineering, Palai, Kerala
20. Ghaziabad Student Branch, Ghaziabad
21. Priyadarshini College of Engineering & Architecture, Nagpur
22. Guru Nanak Engineering College, Hyderabad
23. Bharti Vidyapeeth College of Engineering, Pune
24. Jaypee Institute of Information Technology, Noida
25. Marian Engineering College, Trivandrum
26. Padamshree Dr D Y Patil Institute of Engg. & Technology, Pimpri, Pune
27. S K Patel Institute of Management & Computer Studies, Gandhinagar
28. Government College of Engineering, Aurangabad
29. Tagore Engineering College, Chennai
30. New Arts, Commerce & Science College, Ahmednagar
31. Netaji Subhas Institute of Technology, New Delhi
32. Hemachandrawcharya North Gujarat University, Patan
33. Dharmshinh Desai Institute of Technology, Nadiad
34. Coimbatore Institute of Technology, Coimbatore
35. R V College of Engineering, Bangalore
36. Jyothi Engineering College, Medak (Andhra Pradesh)
37. Pragati Engineering College, New Delhi
38. Vidyavardhaka College of Engineering, Mysore
39. K C College of Engineering, Thane
40. Vel Tec Engineering College, Chennai
41. Rungra College of Engineering & Technology, Bhilai
42. Gokaraju Ranga Raju Institute of Engineering & Technology, Hyderabad
43. S V Institute of Computer Studies, Kadi (Gujarat)
44. Kashibhai Navle College of Engineering, Pune
45. Adam Engineering College, Khammam Distt. (Andhra Pradesh)
46. Shri Sivasubramaniam Nadar College of Engineering, Kalavakkam
47. SJBIT, Bangalore

With the establishment of the above 47 new Student Branches the total number of CSI Student Branches as on 30th June, 2005 stood at 222 as under:

**Regional Student Coordinators**

At the commencement of the year the ExecCom nominated the following members as the Regional Student Coordinators whose primary role and responsibility is to advise, guide and motivate the Student Branches to conduct activities to benefit the students.

1. Dr A K Saini, Delhi, for the Northern Region.
2. Mr Ravi Miranda, Mumbai, for the Western Region.
3. Ms Mini U, Kochi, for the Southern Region.
4. Prof Atal Choudhury, Kolkata, for the Eastern Region.

**CSI Events**

The following are the National / Regional / Divisional / Students / Joint events conducted by the Society during the year.

**Annual National Convention of CSI**

CSI-2004, the thirty ninth Annual National Convention of CSI with the theme “IT++ The Next Generation” was hosted by CSI Mumbai Chapter from 1st to 4th December, 2004 at Hotel Taj Lands End, Mumbai. This four-day mega event of the Society which had 20 Theme Sessions spread during 4 days, and addressed by over 140 eminent speakers, was attended by over 1500 delegates. It was an event which proved to be highly successful and without doubt was a singular testimony to the achievements of a dedicated team of professionals who tirelessly worked very hard for almost a year preceding the event. The technical conference was of the highest caliber in terms of the range of topics covered to meet the interests of participants. Besides, the quality of speakers and panelists was exceptionally outstanding. Keeping in view
the diversity of CSI community of members the Programme Committee headed by Dr N L Sarda had indeed worked very hard to provide some topics of interest to everyone. Also, for those seriously involved in IT there were sessions with more focused technical insight, such as emerging database technologies and innovative applications and solutions etc., and all these had a distinguished set of speakers. But many could not participate in all the interesting tracks which were running in parallel – four to six parallel sessions a day to be very precise. The event had some of the most respected professionals and academics from the country speaking at the convention. Besides there were also highly respected industry and academic speakers from abroad one of whom was Dr Paul C Clements who was the keynote speaker on the 2nd day of the convention who spoke on Software Architecture. On the 3rd day the second keynote speaker, Amit Mitra discussed about how companies can develop flexible IT systems that change with the change in business dynamics. On the 4th day the keynote speaker was Dr Srinivasan Seshadri, the CTO of Yahoo Inc, who spoke of Opportunities and Challenges on the Internet. A unique feature of the convention was the CIO Summit and CEO Conclave hosted along with the general conference and these were highly appreciated.

The effort of the organizers was to host a truly technical conference of high quality comparable to the highest standards and hence it was a very conscious decision on their part not to have an exhibition associated with the conference. The decision though, meant a substantial sacrifice in terms of revenue earnings, was worth the cause, the Society being a non-profit oriented entity. However, the event had the whole-hearted support and sponsorship by 24 IT Majors and Corporate Users.

The General Body of the Society at its Annual Meeting held on 3rd December, 2004 approved to organize CSI-2005 Annual National Convention at Hyderabad where the annual national convention was last held in 1995.

Divisional Events
The following Divisional events were held during the year 2004-2005:

1. A three-day National Conference on e-Services was organized from 26th to 28th August, 2004 at Hyderabad by CSI Divisions I, V and VII which was hosted by the CSI Student Branch of Vasavi College of Engineering, Hyderabad.

2. A two-day National Conference on e-Education was organized on 27th & 28th August, 2004, at Tiruchirappalli by CSI Division IX (Education) and hosted by CSI Tiruchirappalli Chapter and the CSI Student Branch at the local J J College of Engineering.

3. A two-day national conference on the theme “e-Learning: Challenges and Opportunities in the Indian Context” was organized on 29th & 30th October, 2004, at Hyderabad by CSI Divisions I, V & VII which was hosted by CSI Student Branch of Bankatia Badruka College for Information Technology, Hyderabad.

4. A two-day national conference on the theme “e-Commerce in Industry” was organized on 1st & 2nd November, 2004 at Rourkela by CSI Division IV (Business & Industry) in association with CSI Rourkela Chapter, Rourkela Branch of Indian Institute of Materials Management, Rourkela Steel Plant, and Metaljunction.com.

5. ObCom APC-2004 (Asia Pacific Conference on Parallel and Distributed Computing Technologies) , a four-day international conference on Parallel and Distributed Computer Technologies was held from 12th to 15th December, 2004 at Vellore by CSI Division – I (Hardware) in association with Vellore Institute of Technology.

6. A two-day national conference on “IT for Silk Industry” was organized on 16th & 17th December, 2004 at Mysore by CSI Division III (Scientific Applications) in association with CSI Mysore Chapter and Central Silk Board of the Ministry of Textiles, Govt. of India.

7. A two-day national conference on Networks and Distributed Systems “Networks-2005” was organized on 25th & 26th February, 2005 at Hyderabad by CSI Divisions V (Data Communications) & VII (Data Security) in association with CSI Hyderabad Chapter and the Department of Computer Science & Engineering, Osmania University, Hyderabad.

8. “CONMICRO – 2005 “ a two-day national conference was organized by CSI Division VIII (Micro Computers) on 14th & 15th May, 2005, at Lucknow in association with CSI Lucknow Chapter.

9. A two-day national conference on the theme "Computing 2005 : IT for Transforming Dreams into reality" was organized on 14th & 15th May, 2005 at Indore by CSI Division IV (Business & Industry) in association with CSI Indore Chapter and Vaishnav Institute of Technology & Science, Baroli, Indore.

10. BIG-2005, the two-day national conference on Business and Industry was organized on 10th & 11th...
June, 2005 at Coimbatore by CSI Division – IV (Business & Industry) in association with CSI Coimbatore Chapter.

11. A three-day national conference on the theme “IT for Defence Force Multiplier” was organized from 16th to 18th June, 2005 at Bangalore by CSI Division III (Scientific Applications) in association with CSI Bangalore Chapter.

Reports on the above conferences have already been published in CSI Communications for the information of members.

Joint Events
ADCOM-2004, the four-day 12th international conference on the theme “Grid Computing on Advanced Computing & Communication” was organized from 15th to 18th December, 2004 at Ahmedabad jointly by CSI Ahmedabad Chapter, Advanced Computing and Communication Society (ACS) and IEEE Gujarat Section. The conference was hosted by Nirma University, Ahmedabad. Over 300 delegates participated in the conference which attracted more than 300 research papers from 14 countries. A team of 128 reviewers, spread across the world reviewed every paper thrice and selected about 50% of the papers for presentation for which three parallel sessions and a poster session were held. There were seven plenary sessions by eminent persons from the industry. A Student Paper Contest was also held. As part of the conference a one-day Tutorial on Grid Computing and also an exhibition were held. The event was very successful.

Student Convention
The 18th CSI-Karnataka Students’ Convention was held during the year at Bangalore under the guidance of CSI Bangalore Chapter. The event was co-sponsored by 21 Engineering colleges from the state. The program was well planned as per schedule with over 160 delegates from around 30 participating educational institutions ensuring success of the convention. A total of 101 papers were received out of which 44 were short listed for presentation at the convention. The total participation for the paper submission was from 21 colleges all over Karnataka. The convention had 3 Technical talks, 1 Kannada talk and 4 parallel Technical sessions for paper presentations.

Research Activities
Members may recall that the CSI-BCS Indo-British Software Usability Partnership initiated in 2000-2001 had successfully got sponsorship from the European Commission during the year 2002-2003 for a project to support links between experts in Usability and Human Computer Interaction throughout Europe and their counterparts in India. The project had made considerable progress since then and the activities included seminars and research workshop tours in India by European and Indian HCI experts. The project has successfully completed the first phase of the program.

In the next phase, the first All India Human Computer Interaction Conference (HCI 2004) was held on 6th & 7th December, 2004 in Bangalore. About 150 delegates from various organizations from all over India and abroad attended the conference which had many speakers from the participating countries. Mr Sanjay Prasad, General Chair – HCI-2004 and Co-Convenor IESUP, who on behalf of CSI had initiated the project and worked very hard for over 3 years to successfully move forward the project in association with Dr Andy Smith of BCSC, spoke on the occasion sharing the evolution of IESUP and its pioneering activities in India. The first keynote address at the conference was given by Dr John Karat, IBM TJ Watson Research Center, New York, and the second keynote was given by Steve Howard, Department of Information Systems, University of Melbourne. The Programme Committee had representation from India, Europe, UK, USA and Australia and the Papers were invited on a wide range of themes which provided a unique opportunity to share developments in the areas of HCI in the Indian industry, Institutionalizing HCI, Global products and local development, Interaction design, User centred design, HCI in education, Specific areas of application etc.

In conclusion, it is very satisfying to know that HCI-2004 was a highly successful conference.

Educational Activities
The following are the highlights of the educational activities of CSI during the year 2004-2005:

1. National Standard Examination
The National Standard Examination was successfully conducted in July 2004. The Academic Committee of CSI has recommended several measures to improve the response to this examination and one of them is to introduce new modules keeping in view the present day requirements and demand. In view of these developments the examination scheduled in January, 2005 has been postponed

2. British Computer Society Professional Examinations
In accordance with the MOU entered into with the British Computer Society CSI on behalf of BCS
conducted examinations in New Delhi and Bangalore on 8th, 12th & 14th October, 2004 and in Bangalore, Kolkata and Mumbai on 18th April and 3rd May, 2005. The number of candidates appearing for these examinations has not been very significant.

3. **CSI Certification in Software Testing**
   The response to our Software Testing examinations has been excellent and during the year these examinations were conducted from July 2004 onwards every month except December 2004, at Mumbai and Pune. In May 2005, Bangalore was included as a new centre to hold these examinations. Steps are being initiated to conduct these examinations at more centres all over India. A Syllabus Review Committee has since been formed to review the syllabus for Software Testing and the final syllabus is expected to be ready shortly when the syllabus and reference materials will be announced.

4. **Kens**
   During the last two years, CSI and Kens have built up the CompuQuest to get nearly 5000 students to register for this computer Olympiad, from all over India. During the year CSI Education Directorate jointly with Kens planned many promotion and support activities to popularize this talent test. An award ceremony is planned before October 2005 for the national and state toppers of the CompuQuest-2004.

5. **Maharashtra State Electricity Board Examination**
   CSI conducted these examinations in August 2004 and March & June 2005 in which 125 candidates trained by CSI Nagpur Chapter appeared.

**Victoria Memorial School for the Blind, Mumbai**

Examination on WORD & EXCEL was conducted for 38 candidates by CSI Mumbai Chapter in August 2004 on behalf of the CSI Education Directorate.

**Test for Students for Employability in IT field**

The CSI Education Directorate and Rajalakshmi Engineering College have been conducting this programme since the past three years with excellent response from the students. Many of them were recruited by leading software companies even during a down turn in the market. The programme involves a written test to bring out problem solving skills, competence in English language, analytical reasoning ability and proficiency in C language. Every student individually was interviewed by a panel constituted from HR and IT professionals and given an assessment regarding the level of readiness to take up the job as well as the aspects in which attention is needed to become employable. Senior software consultants and professionals from IT companies like TCS, ACCEL ICIM, PRODAPT, TAFE, HINDU, CMC etc. provided evaluation and guidance for the professionals-to-be.

**Young Talent Search in Computer Programming Contest 2004**

CSI Education Directorate conducted the Young Talent Search in Computer Programming in two levels. The Regional Contest was held on 24th October, 2004 at 13 selected centres all over India. From these, 11 teams were selected to participate in National Level Final contest which was held on 17th November, 2004 at Rajalakshmi Engineering College, Chennai. 10 teams participated in the finals in which La Martiniere for Boys, Kolkata came first and Delhi Public School, R K Puram, New Delhi, came second. These two teams were selected for participating in the SERRC International Software Competition 2004 for school students. These teams also represented India in AGAMES of AIC held from 6th to 9th December, 2004 at Singapore.

**Akshaya Project of Govt. of Kerala**

Akshaya is an ambitious e-Literacy project of the Govt. of Kerala (GOK) which aims at bridging the Digital Divide. Akshaya was designed in a Public-Private Partnership mode, with independent entrepreneurs setting up Akshaya Centres (computer centres with 5-10 PCs) in the pilot district of Malappuram. GOK does not provide any direct financial support, but gives a small sum of money for every person trained by the centre. One person per family is to be trained, so that the next generation governance services could be delivered on-line. Kerala State Information Technology Mission (KSITM) which is the nodal IT implementation agency for the Dept. of IT, GOK, had entered into an MOU with CSI. Under the MOU CSI has to provide testing services for neo-IT literates. People who pass the test are given a joint certificate from CSI and KSITM which is now recognized by GOK for employment purposes. CSI is also entrusted with the task of creating testing software and for certifying that the question bank conforms to Akshaya's syllabus. Under this program CSI has already tested and provided certificates to a large number of people in Malappuram district. GOK has since launched the Akshaya program in seven more districts and plans to take up the remaining six districts next year or so, making Kerala the first state in the country to achieve full e-Literacy. In view of the good work done by CSI under Akshay program in
Malappuram district KSIITM has since requested CSI to carry out two levels of certification (e-Literacy and advanced course) for the programme. This will include preparation of the testing/certification engine and also on-line conduct of the actual test leading to issue of certificates mentioned above.

Mr Satish Babu, RVP (South) during his tenure which ended on 30th June, 2005 had worked very hard and with the assistance of CSI Trivandrum Chapter was instrumental in getting CSI involvement in the project successfully. ExecCom has therefore requested him to continue to handle CSI’s responsibilities under the project as desired by KSIITM.

**International Activities**

CSI is a member of the International Federation of Information Processing (IFIP), South- East Asia Regional Computer Confederation (SEARCC) and Asia ICT Confederation (AIC). The membership continued during the year.

**IFIP**

i. CSI organized a three-day workshop on Specification and Design Methodologies for Adaptive and Embedded Systems from 11th to 13th January, 2005 at Bangalore in association with WG1.3 of TC-1 of IFIP and School of Computer Science and Automation of the Indian Institute of Science, Bangalore. The workshop was hosted by CSI Bangalore Chapter and it featured talks and demonstration of tools usable in design methodologies. Speakers at this workshop were mostly from UK, France, Netherlands, Germany, Belgium, Sweden, Australia, USA and Japan besides India, and included members and observers of the WG as also practicing professionals from Bangalore.

ii. A two-day meeting of TC-9 (Relationship between Computers & Society) of IFIP was held on 4th & 5th June, 2005 at Warsaw (Poland). Prof J G Krishnayya, CSI Representative to TC-9 attended that meeting and participated in the discussions which were fairly wide, but the points of particular relevance to CSI were the fact that he was invited to become the Vice-Chairman of Working Group 9.4 – Computing in Developing Countries, tasked with trying to spread IFIP awareness and Informatics linkages in the South Asian neighbourhood. Prof Krishnayya’s suggestion of a WG 9.4 workshop, on e-Governance, to be co-sponsored by the CSI sometime in 2006 was also accepted. No funding would be available from TC-9, but IFIP has a special fund for encouraging such activities and participation from LDCs and a few

thousand Euros may be available from these sources.

**SEARCC**

i. The SEARCC Executive Council meeting and the Country Roundtable meetings were held in October 2004 in Kuala Lumpur, Malaysia. These meetings were attended by Mr M L Ravi, President, CSI, on behalf of CSI. SEARCC Conference Committee had invited Dr R Srinivasan, Fellow and Past President, CSI, as an expert speaker to address the delegates. SEARCC forum appreciated the efforts of CSI and Govt. of India towards implementation of ICT in various activities and initiatives. Some of the members had made specific requests for CSI to play an active and significant role in SEARCC activities.

Earlier, enroute to Kuala Lumpur Mr M L Ravi had also addressed the members of Computer Society of Sri Lanka at Colombo. CSSL is anxious to see that CSI and CSSL forge a good healthy relationship and has also suggested the bilateral exchange of expert speakers.

The next Executive Council meeting of SEARCC was held in April 2005 in Sydney. Unfortunately, CSI’s representative could not attend that meeting.

ii. **SEARCC-2004 International Software Competition**

The SEARCC-2004 International Software Programming Competition for School Students was held on 19th & 20th November, 2004 at Indian Institute of Technology, Madras which provided the various logistics for the conduct of the competition. The competition was hosted by CSI with able support from Rajalakshmi Engineering College, Chennai and IIT, Madras. Seven teams of school students of Australia, New Zealand, Hong Kong, Sri Lanka and India participated in the competition in which the teams were given four problems to be solved in two hours in PASCAL, C or C++. They were judged on the basis of correct solutions as well as the time taken. The problems were selected by a panel of experts with Prof P Thirumurthy as the Chairman of SEARCC-2004 International Software Competition. The team from Hong Kong was far ahead in the race and won the first place in the competition followed by the Sri Lankan team.

Mr Yasa Karunarathne, Secretary General of SEARCC and Mr M L Ravi, President, CSI graced the occasion. The Awards were presented to the winners by Prof M S Ananth, Director of IIT, Madras.
Affiliation with Sister Societies

CSI is having MOUs with Australian Computer Society, British Computer Society, Computer Society of Sri Lanka, Singapore Computer Society, which continued during the year. The MOUs primarily provide for reciprocal membership arrangement besides certain other facilities.

AIC

Asia ICT Confederation (AIC) was formed about 3 years ago. Mr A K Pathak, Immediate Past President of CSI has been the Asst. Secretary General of AIC since its inception. The AIC Governing Council at its meeting held on 29th & 30th January, 2005 in Singapore reappointed Mr Pathak as Asst. SG for a further period of 3 years. The GC approved Mr Hemant Sonawala, Fellow and Past President of CSI to be Permanent Invitee of CSI to GC meetings.

During the year CSI submitted the MPR (ICT Professional Standards & Staffing) Report to AIC. CSI also submitted an article on IT Revolution in India – an Assessment by Dr F C Kohli.

ASTRADE and GAC meetings of AIC were scheduled to be held in Karachi, Pakistan, on 11th & 12th June, 2005. However, due to unavoidable circumstances the meetings had to be postponed. The GC meeting and the ASTRADE Business Round Table are now scheduled to be held on 11th & 12th November, 2005 respectively at Hyderabad, concurrently with the CSI-2005 Annual National Convention in November, 2005 scheduled at Hyderabad.

Travel Support to present papers at International Conferences

With a view to encourage members to contribute research and other papers at international conferences in the field of Information Technology, the Society has been providing travel support to some members whose papers are accepted for presentation at international conferences. Accordingly, during the year 2004-2005 travel support was provided to the following members.

i. Rs 25,000/- to Ms Shobha G to present her accepted paper at 7th International Conference at Beijing held from 31st August, 2004 to 4th September, 2004.

ii. Rs 25,000/- to Mr Ramraj Wagh to present accepted paper at international conference of Laser Summer School on Software Engineering in Italy from 12th to 18th September, 2004.

CSI Annual Awards

1. CSI National IT Awards for year 2003-2004
   The CSI National IT Awards for the year 2003-2004 were presented to the winners by Padma Vibhushan Prof. M G K Menon, FRS, at a special function held on 3rd September, 2004 at Delhi.

2. CSI – Nihilent e-Governance Awards for year 2004-2005
   The final selection for the CSI-Nihilent e-Governance Awards for the year 2004-2005 was completed by the Selection Panel on 25th June, 2005 at IIT Delhi. The selection was based on a critical evaluation process as in previous years, and the following were finally selected for the e-Governance Awards.

Projects:

Overall
1. Karnataka Valuation and E-Registration (KAVERI)
2. e-Krishi Vipanman, Bhopal, M.P.

Service
1. E-Governance and Citizens’ Charter, Ahmedabad, Gujarat
2. Citizen Friendly Service of Transport Dept. (CFST), Hyderabad, AP.

Technology
1. PKI Project, Ahmedabad, Gujarat
2. Municipal Corporation Resource Planning (MCRP), Khandwa, Madhya Pradesh

Sustainability
1. Student Jawahar For a & Jawahar Knowledge Centre, Andhra Pradesh
2. e-Gram Sudha, Bhopal, Madhya Pradesh

Cost Effectiveness
1. e-Village, Chinuvuru, Guntur, AP.
2. Chief Minister's Office Management System (CMMS), Hyderabad, AP.

State:
1. Overall Best - DIT, Chandigarh
2. Best-Policy Framework & e-Readiness-Andhra Pradesh
3. Best – Citizen Facilitation - Gujarat

Technical Company
1. Best – Overall - ABM Knowledgeware Ltd., Mumbai
2. Best - Client Satisfaction - Co-option Technology Ltd, Hyderabad.

The e-Governance Awards will be presented to the winners during CSI 2005 at Hyderabad.

3. CSI National Young IT Professional Awards - 2004-2005

The national level final competition for selection of the winners for the sixth National Young IT Professional Award for IT professionals under the age of 30 years, was held on 26th February, 2005 at Science City, Kolkata. The Panel of Judges comprised the following eminent persons:

1. Prof. P K Nandi, Dept. of Comp. Science, Bengal Engg. & Science University, Shibpur.
2. Prof. Bijn Bhaumik, Dept. of Comp. Science, Jadavpur University.
4. Dr. Subhendu Ghatak of Tata Consultancy Services.
5. Mr. Saptarshi Chanda, Director, Usha Comm.
6. Mr. V V R Babu, Vice President, Infotech of ITC, Kolkata.

Seven winners and runner-ups of the regional competitions were involved in the final Competition at Kolkata. Based on the presentations a thorough evaluation was carried out and following were declared the winners.

i. **First Prize**: CSI Computer Associates Trophy plus Cash Prize of Rs. 15,000 and Certificate: (sponsored by Computer Associates India (P) Ltd.)

**Winner**: Indian Statistical Institute, Kolkata (for their presentation on "A System of Automatic Sorting of Indian Postal Dept")

ii. **Runner-up**: Computer Society of India Trophy plus Cash Prize of Rs 10,000 and Certificate.

**Winner**: 5Map (for their presentation on "Geographical Information System")

iii. **CSI-IT People Special Mention Award Cash Prize of Rs 5,000 and Certificate** (Sponsored by IT People)

**Winner**: Jatayuu Software, Bangalore

(For their presentation on Multimedia Messaging System)

Mr. Shyamal Ghosh, former Telecom Secretary and currently the Administrator of Universal Service Obligation Fund was the Chief Guest at the function.

**Other Annual Awards of CSI**

The following annual Awards for the year 2003-2004 were presented at the Annual General Meeting of the Society held during the CSI-2004 Annual National Convention at Mumbai in December 2004.

1. **CSI Chapter Patron Awards**
   - Mr G F Vohra, Ahmedabad Chapter
   - Prof B D Choudhary, Allahabad Chapter
   - Mr T Mani, Coimbatore Chapter
   - Mr S Daspal, Kolka Chapter
   - Dr Tushar Desai, Mumbai Chapter
   - Mr Kishore Vyas, Nashik Chapter
   - Prof. S Kuppuswamy, Pondicherry Chapter

2. **Best National Chapter Award** ('A' Category Chapters) Mumbai Chapter

3. **Best Regional Chapter Award** ('B' Category Chapters)
   - Western Region: Ahmedabad Chapter
   - Southern Region: Tiruchirapalli Chapter

4. **Best Regional Chapter Award** ('C' Category Chapters)
   - Northern Region: Allahabad Chapter
   - Southern Region: Cochin Chapter
   - Western Region: Nashik Chapter
   - Eastern Region: Rourkela Chapter

5. **Best Regional Student Branch Award**
   - Western Region: Pune Student Branch
   - Southern Region: Joint winners - AMSSO! Hyderabad and BBCIT, Hyderabad
   - Eastern Region: Syamaprasad College of Engineering, Kolkata

6. **Best Regional Chapter Newsletter Award**
   - Western Region: 'NEWSTRAK', of Mumbai Chapter
   - Southern Region: 'E-Communica' of Calicut Chapter
   - Eastern Region: 'HARDCOPY' of Kolkata Chapter

7. **Raizada Memorial Award for Best Paper in CSI Communications in 2003-2004**
   - 'New Approach to Requirement Analysis' (Sep't issue of CSI Communications) Prof V K Garg and Ms Lata Chabani

8. **Vandana Goyal Award for female candidate scoring highest marks in 'LINUX'**
Ms. R Chandrakala, Chennai

CSI Publications
A major contributing factor to the image of a professional society is the quality of the publications it brings out for the benefit of its members and others.

CSI Communications, the monthly publication of the Society, was regularly published during the year under review. Mr Srinivas Eranki, a senior IT professional as Chief Editor of CSI Communications since September, 1998, relinquished his responsibility in December 2004. Dr T V Gopal, who was the editor of CSI Digest a few years ago has taken over as the Chief Editor of CSI Communications since then.

CSI Communications continues to march forward in its quest for improvement in quality and excellence and in this regard special issues containing articles focused on the following specific themes were published during the year.

1. December 2004: “IT For The Masses”

ExecCom and the Publications Committee strongly believe that such special theme issues on contemporary topics of interest and knowledge enhance value we give our members, and hence are keen that the programme should continue. In this context the hard work and dedicated efforts of Mr Srinivas Eranki, Dr. T V Gopal and many others are laudable.

Dr. Manohar Chandwani continues to be the Editor of Computer Science and Informatics, the quarterly publication of the Society, which is popularly known as the CSI Journal. Members would have noticed that with the active interest and involvement of Dr Chandwani, CSI Journal has attained considerable improvement in its quality and content. Whereas CSI Communications for the benefit of members is already available on the CSI website, it is proposed to host on the CSI website CSI Journal also at the earliest.

CSI Constitution & Byelaws
As reported last year, the CSI Constitution Review Committee had entrusted the task of reviewing the CSI Constitution & Byelaws and gave recommendations for changes if any needed to be made. The Committee headed by Dr F C Khilji, founder member, Fellow and Past President of CSI had reviewed the CSI Constitution & Byelaws which had been framed by our elders many years back based on the membership strength and conditions then prevailing in the industry and the country. Keeping in view the significant increase in the membership strength and the rapid developments and changes in the industry the Committee had concluded that many changes were needed in the Constitution & Byelaws to address issues in the changed context and for smooth running of the Society. Accordingly, the Committee had given its recommendations for carrying out many amendments to the Constitution & Byelaws and Chapter Byelaws. The proposed amendments were balloted by the General Body and the approved amendments published in the October 2004 issue of CSI Communications.

CSI Elections for 2005-2006
CSI Nominations Committee successfully conducted the annual elections for the year 2005-2006 for the various elective offices of the Society at the national level, and published the results in the April 2005 issue of CSI Communications and on the CSI website. The newly elected ExecCom for the year 2005-2006 took over the responsibility in July 2005.

Registrar of Societies, Hyderabad
The Society’s Registered Office is located at Hyderabad which was registered in 1965. During the year it was brought to the notice of the ExecCom that the Society has not complied with some statutory requirements of the A P Societies Registration Act. This has been an inadvertent procedural lapse. The ExecCom took immediate action to file all pending documents with the Registrar of Societies, A. P. Hyderabad, as required by law. The ExecCom also entrusted Mr P R Rangaswami, Vice President, CSI, the responsibility of follow-up of the documents filed with the Registrar until their approval and acceptance.

CSI Day
As Computer Society was formally established on 6th March 1965 the ExecCom decided during the year that 6th March every year will be celebrated as CSI Day with appropriate celebrations by Chapters and Student Branches. Accordingly, many of the Chapters and Student Branches celebrated CSI Day on 6th March, 2005.

Resignations
1. Mr. Deepak Shikarpur, Executive Director, CSI, tendered his resignation from the service of the Society to join the industry. He was relieved of his responsibilities on 30th November, 2004.
ii. During the year Dr D B Phatak, Chairman, Division II (Software) expressed his inability to do justice to his elective position because of his long periods of absence arising out of professional commitments especially while being out of the country, and hence tendered his resignation. ExecCom after considering all aspects accepted his resignation.

iii. Prof P. Thrimurthy, Chairman, CSI Publications Committee for over two years, expressed his inability to continue because of professional commitments and tendered his resignation. ExecCom accepted his resignation and nominated Mr H R Mohan as Chairman, Publication Committee for a period of 2 years.

CSI Website
M/s Elegance Electronics, Mumbai, the professional agency specialized in web designing and maintenance, continued to maintain the CSI website during the year.

Expansion of CSI Building at Chennai
During the year the ExecCom reviewed the proposed expansion of the CSI building on the leased plot of land at Taramani, Chennai, and decided to form a core committee to draw out a draft plan of activities for CSI for the next 7 or 8 years and the additional infrastructure facilities needed for the same. It was also decided to provide facilities to house the proposed Centres for Excellence in new technology areas e.g., Bio-Informatics, Conference activities for the South, besides the CSI Chennai Chapter. The core committee with the full involvement of a competent architect will finalize the plan and the cost estimates for the proposed expansion building and after approval of the same by the ExecCom initiate all further steps and action including statutory approvals of construction plans needed for construction of the building. As the proposed building is expected to need substantial investment the construction will be carried out in phases as may be necessary. To proceed further in the matter the ExecCom also passed a resolution to provide Rs 1 crore from the internal funds of the Society and also agreed to make efforts to raise funds from various sources including bank loans. It is hoped that during the year 2005-2006 substantial progress will be made in implementing the proposed expansion project.

Rememberance
i. The Society lost Mr Mahesh Kumar Gupta, the young and dynamic Secretary of CSI Jaipur Chapter, in a tragic road accident on 17th October, 2004. Mr Gupta was an enthusiastic member of the Society who took upon himself the challenging task of reviving the Chapter. In his demise the Society has lost a very dedicated member whose contributions will be long remembered.

ii. On 26th February, 2005 in Singapore Mr Robert Law, Honorary Fellow of CSI and Past Secretary General of South-East Asia Regional Computer Confederation (SEARCC) for several years succumbed to a severe heart attack. During the last 3 years he was Secretary General of the newly formed Asia ICT Confederation (AIC). In 1975 he was the President of Singapore Computer Society when he played a very useful role along with a few CSI stalwarts and others, in the formation of SEARCC. He was a great friend of CSI and his contributions in the field of IT and more especially to SEARCC, IFIP and AIC will be long remembered. In his unexpected demise CSI has lost a great friend and well wisher who over the years had developed a personal rapport with the Society.

iii. On 13th April, 2005 the Society lost Mr B. D. Shriyan, a founder member of CSI Ahmedabad Chapter and a Fellow of CSI who had significantly contributed to the activities of the Society both at the Chapter level and national level. The Society conferred on him in 1997 the prestigious CSI Fellowship. In his demise the Society has lost a very dedicated member though his invaluable contributions to the Society will be long remembered.

Plan for the year 2005-2006
1. Value addition to the members by Technical Seminar series on current topics/subject
2. Distinguished Lecture Programs
3. Continuing education programs
4. Competency certifications for users and professionals
5. Improve the quality of publications
6. New publications for the students
7. Publication of Monographs/conference proceedings
8. Leadership role in International activities-SEARCC/AIC
9. Creating Centers of Excellence in areas like Bio Informatics

2. Increase of professional membership to 20,000

Acknowledgement
The overall performance of the Society during the year 2004-2005 was reasonably satisfactory. I take this opportunity to express my grateful thanks and appreciation
for the unstinted support and cooperation extended by the ExecCom, Managing Committees of the Chapters, Student Branches and above all, the members of the Society and other well-wishers. I also thank our bankers and auditors for their support. Lastly, I wish to thank and place on record the outstanding commitment and hard work of all our employees at every level, which contributed to our performance during the year.

S R Karode
Hon. Secretary, CSI (2004-2005)

---

**Treasurer’s Report**

It gives me great pleasure to present the Audited Annual Accounts of the Society for the year ending March 31, 2005 along with Auditor’s Report. Members will kindly observe from the Auditors Report that the quality and procedure adopted for maintenance of Accounts are in uniformity with the requirements of the Public Societies Registration Act No. 1 of 1350.

The consolidated Balance sheet of CSI HQ and Chapters is given in the Annual Report. Many Chapters {refer Auditors Report point (4)} have not sent their accounts for audit, inspite of repeated reminders from Head Quarters about deadlines in submitting the accounts for audit. Hope that from next year onwards all chapters would submit their accounts for audit in time.

Total assets of the Society have increased to Rs 922.67 lakhs as on 31.3.2005 as against Rs 870.35 lakhs as on 31.3.2004 registering an increase of Rs 52.32 lakhs during the year. The revenue surplus during the year was Rs 44.36 lakhs as compared to Rs 18.24 lakhs in the previous year.

Lastly, I take this opportunity to express my grateful thanks to the Executive Committee, Management Committees of the various Chapters of the Society and Finance Committees of major events for the cooperation extended during the year. I also thank the National & Regional Auditors and all the employees of the Society for their valuable service and support during the year.

Bipin Mehta
Hon. Treasurer CSI
(2004 - 2005)
Report of Auditors for CSI
(Consolidated)

1. We have audited the attached Balance Sheet of the Computer Society of India as at 31st March, 2005 and also the annexed Income and Expenditure Account for the year ended on that date, in which are incorporated the audited accounts of all its Chapters and we report as under:

2. We have obtained all the information and explanations, which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

3. In our opinion, the Accounts are maintained in conformity with the requirements of the Public Societies Registration Act No.1 of 1350.

4. Further to note no. 2(a) to notes to accounts we have not received the accounts of the following Chapters for consolidation:

   **South:** Karaikudi, New Guntur, Ongole, Salem, Vijaywada & Visakhapatnam.

   **West:** Navi Mumbai.

   **North:** Chittorgarh, Indore, Jabalpur, Jaipur, Kanpur, Ghaziabad, & Raipur.

   **East:** Balasore, Dhanbad, Guwahati, Jamshedpur, Patna & Siliguri.

5. The Accounts of Eastern Region are consolidated relying on audit report of regional auditor, M/s Dutta Gosh & Associates, Chartered Accountants for Eastern Region Chapters and Southern region are consolidated relying on report of regional auditor, M/s M. Venkatapathi & Co., Chartered Accountants for Southern Region Chapters.

6. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

   In our opinion and to the best of our information and according to the explanations given to us, and subject to paras 4, & 5, herein above and read with notes to accounts, give a true and fair view

   (a) in the case of the Balance Sheet of the affairs as at 31st March, 2005; and

   (b) in the case of Income and Expenditure Account of the Excess of Income over Expenditure for the year ended on that date.

SCHEDULE - H

Notes annexed to and forming part of Consolidated Accounts for the year ended 31st March, 2005.

1. Disclosure of Accounting Policies:
   a) Previous year accounts have been re-grouped wherever necessary.
   b) The compilation consists of 42 Chapters as against 42 Chapters that were consolidated last year. The previous year figures are not comparable as consolidated chapters are not same for both years.
   c) Assets are carried on the basis of closing written down value and no historical cost details exist other than for building block. Depreciation is charged on written down value as per rates prescribed under Income-tax Act, 1961.
   d) Accounts are maintained on accrual basis, except that Membership fee is accounted on receipt basis

2. Contingencies and events occurring after the Balance Sheet date:
   a) The following Chapters are put under probation.
      North: Jaipur, Kanpur & Raipur.
      East: Patna.
   b) The Income-tax Exemption u/s 35 is pending from 1-4-2003. We expect the exemption certificate to be received. However, if income is computed on the basis of exemption u/s 11 also there is no tax liability.

3. Prior Period items and changes in accounting policies:
   a) There are no changes in accounting policies followed by the Head Quarters or the Chapters.

4. Depreciation Accounting:
   a) This accounting standard is discussed in note 1 above.
   b) The quantum of depreciation provided is adequate considering the lifetime of the assets.

5. Revenue Recognition:
   a) Membership subscriptions are accounted on receipt basis.

6. Accounting for Fixed Assets:
   a) Fixed assets are valued at cost less depreciation.
7. **Accounting for effects of changes in Foreign Exchange Rates:**
   a) Receipts in foreign exchange are accounted on the basis of credit given by bank.

8. **Accounting for Investments:**
   a) Investments are made in Fixed Deposits with Banks and public sector companies. These investments are stated at cost price.

9. **Disbursement of Expenses:**
Hon. Treasurer is authorised to conduct the fiscal affairs of the society and maintain records thereof, who will also be executing withdrawals of society funds under authority of ExecCom (vide Rule 4.3.2. read with 4.4.2.d.) subject to overall legislative directive and guidance and authority of general body (vide Rule 4.1.2.) and during course of audit disbursement are verified in the background of these provisions.
