Dear Author(s),

Thank you so much for your active interest and kind patience for the proceedings of CSI – 2015, being published by Springer, in 10 volumes.

It gives me pleasure to inform you that, by now, out of 10 volumes, the papers of the 07 volumes (Vol. No.1, 2, 3, 4, 5, 6 &10) have been finalized, based upon the exhaustive Quality Analysis and review process and fresh i-Thenticate Report. Authors of these papers have been informed accordingly. Within next one month, the final TOC of these seven volumes will be uploaded on the website. These 07 volumes are under production with Springer and are expected to be out by **August, 2017**. However, the Quality Analysis and review process of the remaining three volumes (Vol. No. 7, 8 & 9) are still under process and may take another six month time for final publication. Exact deadline of the same shall be informed to the authors, after getting more update from Springer.

Once, it is printed, Springer shall be sending an electronic token to all the corresponding authors to enable them to download the copy of their papers (free of cost) from the Springer Web-portal. The hard copies, if required by the authors, will need to be purchased by the authors directly from the Springer.

We will also inform to all the authors via E-Mail and SMS, once the proceedings is available at the Springer Website.

Thanking you so much for your kind patience.

With best wishes,

-
