**Subject:** Re: Please Cast your Valuable Vote for Shri Gautam Mahapatra as Vice President, CSI.

Dear Mr Gupta

Why this & other similar messages are being mailed for Shri G Mohapatra.

The least I can say that more the messages for canvassing, the more it is irritating.

Moreover canvassing & lobbying in NOT repeat NOT permitted under CSI rules.

You must also be aware that the Present Election Process has been cancelled for now for reasons well known.

**Subject:** Re: Regarding violation of the CSI Constitution in elections and Questions of Importance to CSI

Dear Shri Ramanathan:

Although yr suggestion is most welcome, its implementation has to be approved by Exe.Com which will never happen.

There is an NC elected by GB to take care of election related matters. It is a constitutional body. As I see, its has 3 eminent persons supported two more - Dr Srinivasan and Dr Viswakarma who are well versed. In the present scenario, it can be expanded to include say Dr Ramani, Prof. Sadagopan, Prof. PVS Rao. Its recommendations should be final and acceptable to all. Will it happen? Dr Sinrinivan ( his e-mail) expressed his anguish in that he felt that matters are not trnsparent.

The statement of Dr Rath one of the present NC members (his e-mail statement a few days back) that he is not responsible for whatever that happens in the present election process, (as it is being handled by the President himself) is not right. He or as a matter the NC should discharge their **constitutional respnsibility** (with due respects to NC) in a free and fair manner.. The HQs should not listen to any EC member in this respect. If there is a legal issue who will answer and what answer do they give?

Dear Prof. Sadagopan,

This is exactly what we have been demanding for the last three years. CSI is fortunate in having several leading lights among its senior members who can take a dispassionate view and resolve the issues. The Exeecom should avail the services of such members in restoring CSI to its past glory.

In the larger interests of everyone can we have 5-Persons (may be from past CSI Presidents) to look into the whole story and get CSI out of this mess say within 4 weeks

Dr S Ramani will be with me on Apr 3 and we both can think of a possible strategy.

Should we pursue this?  
With best regards

Sadagopan

**Subject:** Re: Regarding violation of the CSI Constitution in elections and Questions of Importance to CSI

Dear Shri Ramanathan:

The statement that "I was aghast to come to know from the that the membership database was "controlled by" one Execom member....." is partly correct. This cannot be without the

knowledge/approval of the entire Exe.Com (s). Added, the CSI Hqs under the stewardship of the then Exe.Sec also played its role, if I may say so, in the 'rigging' of the elections. In the recent e-mails, one sitting Exe. member has openly mentioned about passwords mismanagement.

In the think tank meeting at Coiimbatore, if you recall, I said that if this is the state of affairs, which CSI member with repute would like to contest and get 'defeated'?. The CSI President records only those that suits him.

I donot understand that why when there is an NC to oversee the election process, with two senior members being coopted, the President took over this responsibilitiy?.

I feel it is time that CSI had checks and balances. May be a relook at CSI Constituion and bye-laws is also needed.

Dr D D Sarma, Fellow, CSI

On Sat, Mar 25, 2017 at 10:45 PM, s ramanathan <[ram1951@hotmail.com](mailto:ram1951@hotmail.com)> wrote:

Dear Dr. Saini,

I am not getting into the specifics of the issues you have raised.

There are some other points that need to be placed before the senior members:

1. I was aghast to come to know from the HQ that the membership database was "controlled by" one Execom member and I was told that this had been the practice for quite some time. This perhaps explains the massive infusion of fake data and wilful compromise of passwords alleged by several members in the elections in 2015. Successive nominations committees have turned a blind eye to this.

2. Our membership data was hosted in the Zenith servers in Mumbai and the company's professional credentials are impeccable and what is more, they have been offering these services free of cost. Not sure of the motivation to shift these data to servers in Bhubaneshwar, which puts logistic challenges for HQ to interact with the vendor.

3. When Fellows expressed concern over the state of affairs, the Execom took the audacious step of disabling the Fellows group.

4. We have also seen a trend of silencing critics through disciplinary proceedings. A person of stature of Mr. Kohli wrote three mails to Execom pleading against such unconstitutional steps. There was not even an acknowledgment of these mails, leave alone any action on them. The situation has degenerated to such a level that the Past President is under the scrutiny of disciplinary committee for an offense that is construed to have been committed in 2005!

In my opinion, the rot was set in 2014. Many of you, who were part of the Execom at that time, maintained silence and watched the slide. That is why all the loud protests now, though may be valid in parts, sounds insincere.

Ramanathan

**Subject:** Regarding violation of the CSI Constitution in elections and Questions of Importance to CSI

**Dear Dr. Anirban Basu, President CSI, Vice President cum President Elect, Secretary, Execom Members and Nomination Committee, Past Presidents/Fellows**

Please refer to my email dated 17th March 2017 requesting you to reply to the concerns regarding violation of the constitution and in case no reply is received will be considered as deemed to be acceptance of the anomalies/ violation of constitution in the conduct of elections for the years 2017-18/19. Till date there is no response from you in the matter.

*A humble request - Please do not let any Office bearers to send intimidation emails, threats, warnings to any members which will be assumed to be the violation of code of ethics on the part of the office bearer "Not misuse his authority or office for personal gains".*

Note: Request Mr Raju to not reply this email on behalf of any one.

#### **Questions/Concerns**

1. The constitution provides that (Byelaw 4.3.7) Nomination Committee is elected by the General Body and is responsible for the entire process of elections with clear role/authority in Section 4.3.7 (b). (Please note that General body has been defined by the Constitution as comprising of all eligible voting members on page 4 (4.1.1 of CSI Constitution).

**Why the elections are being conducted by President CSI and Who authorized President to conduct the elections thereby violating the constitution? which law?**

2. Execom continued the process of elections with elected 3 members and completed the call for nominations, withdrawal and final election slate preparation till Nov. 2016.

**What are the reasons that Execom didnot take any action in regard to 4.3.7 of the CSI Byelaws from April 2016 to January 2017 (about 10 months) for adding nominees to the Nomination Committee as per constitutional requirements.**

3. What are the reasons for which Execom didnot approve/process the election slate submitted by Nomination Committee in Nov. 2016 (As per the detailed schedule of elections).

**What are those deviations in the nominees in the election slate finalised in November 2016 and March 2017.**

4. When in January 2017, two more members nominated by President were inducted (so late) in Nomination Committee, **what are the reasons that forced the President to hold the elections himself and making the extended NC authorized by the CSI Constitution defunct? Which law?**

5. **Why the elections schedule and other relevant details are not shared with members as required under the constitution.**

6. Despite the fact that the email of proposers of Mr Patnaik was received beyond the last date i.e. 15th Nov. 2016. (copy of proof available with all execom members in the email from President). Also the statement of Intent was requested in January 2017 from him. Why others were not given this privilege of applying late? **Which law/rule permits the late acceptance of nomination?**

7. Why was the nomination of Mr Manas Patnaik for Hon. Treasurer not REJECTED as it violates the clause 4.2.6 of CSI Byelaws that - debar any candidate who has direct or indirect interest in any contract relating to operations of the CSI. Mr Manas is the owner of Anthem Global which is client of CSI and are maintaining the CSI website and are being paid for the services rendered by them.

On the same grounds, the candidature of Mr Datar, a senior CSI member was rejected by the NC of 2013-14 and Mr Sanjay Mahapatra was elected unopposed. **Which rule/law permits you and about 80% of the Execom is common as was there in 2013-14 and 2016-17.**

8. Is it true that President has certified that there is NO disciplinary case pending with Disciplinary committee? **Is this true - yes/NO? Also when was the case settled by the DC.**

9. **What are the reasons that Execom first suspended and then allowed Mr Raju for Execom elections.**

10. **Are the IP address of all votes being captured in software for fairness in elections. If Not then why since the same was demanded by all members of execom and candidates in last several years.**

□□□ □ The AGM held at Coimbatore in January 2017 is invalid - due to the non-compliance of the mandatory clause of Accounts and Secretary Report and the mandatory 30 days notice. This is also accepted in your minutes of the AGM meeting available on the CSI website. In view of this fact the AGM was invalid - as per companies/societies Act which requires that any AGM notice not accompanied by the mandatory enclosures will not qualify to be a complete and correct notice for AGM.

**Hence all decisions taken therein the AGM also stand invalid.**

Further the agenda taken up in any AGM cannot include -

i) any item not approved by the Execom - execom didnot approve many of the decisions taken by the AGM.

ii) any operational item such as deciding a vendor - which has a clearly laid down process, making constitutional amendments, inducting some members in a committee, forming adhoc committees etc.

iii) The AGM at Coimbatore approved for holding Special AGM, but the notice and the call was made for Adjourned AGM- which is an afterthought to suit vested interests as minutes of the AGM (available on CSI Website) have been prepared first and then call for adjourned AGM was issued. **How this can happen?**

□□□ The election is being conducted by the President and therefore becomes conducting and approving authority. **Is it allowed then which law/rule permits this?** This is violation of all fundamental systems in a democratic setup.

13. It was informed through emails that AGM has formed a committee to clean data base and allow only those members who cleanup till 28th Feb. 2017 to vote in this year elections and also to reduce voting time from 30 days to 15 days, etc.

This is an amendment of the CSI Byelaws. This process is defined in the CSI COnstitution under section 7 and CSI Byelaws under Section 8. These are given below

## **Article 7 - Amendments (CSI Constitution)**

*7.1 An amendment to the Constitution is to be proposed at a regular meeting of the ExecCom and adopted by vote of at least two thirds of those present, for it to be placed on the ballot. It may also be proposed by a petition by at least one hundred Voting Members. The schedule of balloting and declaration of results shall follow thereafter the schedule for the elections. If urgency so requires, the ExecCom may direct a special ballot to be held to decide on Amendments, independently of the schedule for the annual elections.*

*7.2 A copy of such amendment, if lawful, shall be mailed with a ballot to each Voting Member, as specified in the Byelaws.*

*7.3 A vote of at least two-thirds of all ballots cast, provided the total number of those voting is not less than twenty per cent of the total Voting Members in the membership records at end of the previous year, in favour of the amendment shall be necessary for its adoption. The membership shall be notified of the result of voting at the earliest through a publication distributed to all the members.*

## **Section 8 - Amendments (Byelaws)**

*8.1 An amendment to the Byelaws is to be proposed at a regular meeting of the ExecCom and adopted by vote of at least two-thirds of those present, for it to be placed on the ballot. It may also be proposed by a petition signed by at least one hundred Voting Members. The schedule of balloting and declaration of results shall follow thereafter the schedule for elections. If urgency so requires, the ExecCom may direct a special ballot to be held to decide on Amendments, independently of the schedule for the annual elections.*

*8.2 A copy of such amendment, if lawful, shall be mailed with a ballot to each Voting Member, as specified in the Byelaws.*

*8.3 A vote of at least one half of all the ballots cast in favour of the amendment, provided the number of votes in favour is not less than two hundred, shall be necessary for its adoption. The membership shall be notified of the result of the voting, at the earliest, through a publication distributed to all the members.*

Please refer to clause 5.5 of CSI Byelaws which states that time given to voting members to cast their votes should not be less than 30 days.

**Why the President and the execom has not followed the above provisions in the Constitution of CSI?**

□□□□ Why the database of shortlisted members is not known to anyone even CSI HQ? There is no detail available about how many voting members are there for elections after cleaning? This opens the whole voting process to manipulations.

**Upon close scrutiny of the database provided by CSI on payment of Rs.1000 in March 2017, surprisingly more than 1500+ members names have email address - csi00?@outlook.com. It is shocking that the database has been cleaned using Adhar number, etc. and still contains such address - which will be used by those having ulterior motive.**

**In addition, those who had valid email ids - unchanged have been deleted.**

**President may please answer on the validity of the elections in the light of this fact.**

If this process of amendments followed at Coimbatore AGM is allowed, the complete CSI Constitution will lose its meaning and depending on the place of AGM, the amendments will be brought to suit local interests. CONSTITUTION SHOULD BE SACROSANCT and should not be used as a tool by mischievous elements as is being done in the current case.

15. The database updation by members has been carried out at [www.csi-india.org](http://www.csi-india.org) portal which is being controlled by Anthem Global, whose owner is Mr Manas Pattnaik who himself is a candidate in the elections. This is violation and breach of confidentiality. This poses issues of Security and authenticity of database being used in the elections. **Why it has been allowed?**

### **Earnest Appeal:**

**All execom members are sincerely requested to please speak rather than keeping quiet on the issues being raised since you carry the responsibility of the faith by members of the General body and for being on the path of truth. In case you will not speak the truth, you will be considered a party to violation of the constitution.**

**All Fellows and Past Presidents are requested to please ensure compliance of the constitution of a society which has been nurtured by you all on some fundamental principles of equity and justice.**

Once again it is requested that the reply to the following points (which are of concern to every CSI member including me), which have been raised by large number of CSI members making it a question of importance (As per Article 6 of CSI Constitution), is solicited. In the absence of any specific reply within next 24 hours to the points/concerns raised to the President and execom, it will be assumed as your acceptance and all such members including me would be free to take remedial legal course of action and will be deemed to be automatic permission of execom for legal remedy.

**Subject:** Re: CSI : NC Elections - e Ballot, & Unconstitutional activities, which needs  
immediate and urgent action

Dear Sirs,

I did not receive the letter supposed to have been sent as read in one of the mails. The election process has to be called off. With so many varieties of complaints pouring in it is correct to first of all cleanse the data base as suggested by a few members, bring in transparency and then conduct the elections. Till then let the present set up continue.

I am Interested in the good working of the organization bringing in measurable positive contribution in the field of its expertise.

Regards,  
Sreenivasan R

Dear Raju Sir,

It is surprising that e-mails were sent from uncleaned database to members for cleaning the database itself. This is the reason for which 75% of members are not able to register. If the water itself is dirty, how can it clean something else. It needs to be cleaned first and we will see how it will be cleaned. Few CSI members have used dirty water to clean the CSI. They have in-fact cleaned the CSI instead of cleaning the database. This fraudulent practice will be stopped.

AGM has no authority to deny voting rights of members. It violates Society Registration Act of India. NSDL conducts hundreds of elections. The databases are always open for registration. Shareholders can register and vote at any time when voting is open. I don't understand how CSI leadership is unable to understand this simple process.

It laughable to compare general election with this year's CSI election. The election Commission takes all responsibility to ensure correctness of database. When 75% data was not updated, what action was taken by the Database Cleaning Committee? The committee failed miserably to do its duty and to serve CSI. **Have you seen a general election conducted by Prime-minister? Even in 1977, the election was conducted by ECI.**

I am sorry to cross all decorum to state that the some senior CSI members who built the CSI (I have all respect for them including you, Sir) have done a historic blunder by passing a resolution of denying voting right to members and shamelessly uploading the unsigned resolution in CSI website.

I have written e-mail to NSDL to take action in this regards. Otherwise, NC will take proper action which may affect the reputation of CSI.

With regards,

S. Rath  
Member (NC)

On 23 March 2017 at 10:36, Dharm Raj <[dharmraj4u@gmail.com](mailto:dharmraj4u@gmail.com)> wrote:

Dear Raju Kanchibhotla sir,

You are right that CSI sent 3 mails to each member, and also you said in previous mail that most of the mails were bounced back due to wrong mail id, you cant inform them by email even you send 1000 mails to them. CSI should adopt other mediums to, without taking concern of 80% members you wanna fight election. If you are saying that updation process will not run during election, so hold election by some time, give chance to these 80% members, inform them by other medium like news paper advertisement, mail to there postal address, through there organizations and by chapters. No one can debar them just by mails. Only Email communication is also not right for such decision.

I request to the top officials and senior members of CSI that please take some wise decision and inform all the member regarding this not by only mail, we have to reach every member, they are pillar of our society, and by this cleaning process we just ignored them. Please do needful, so that we can save CSI.

On 22 March 2017 at 22:54, <[sushant.rath@gmail.com](mailto:sushant.rath@gmail.com)> wrote:

Dear Raju Sir,

I have mentioned clauses of CSI Constitution published by CSI, not any circulation. Please verify the clauses and reply.

Voting is a right of a member. You can't deny anyone his voting rights by fraudulent means in the name of so called "database cleaning".

AGM can't change the basic rules of society registration act.

I am neither aware nor interested to know about previous year elections. I have no problem with NSDL conducting election. NSDL conducts election for corporate AGMs. But, it always gives rights to shareholders to register and vote. In many cases it allows members to send postal ballot in case they find problem in e-ballot. This is not being done at CSI.

My only concern and request is to re-open the registration process so that members who have missed the registration process can register.

If this is not done, then there will be severe problem. NC will be forced to declare this election null and void and will approach media and other sources for justice.

**Subject: Re: Unconstitutional activities, which needs immediate and urgent action**

**Reply-To:** [mca@bvicam.ac.in](mailto:mca@bvicam.ac.in)

Esteemed Members of CSI,

I fully agree with the points raised in the trailing email, if we cannot run the society, let us close it and give money to PM's relief fund, or request the Registrar of the Society to take it over. I am reading over 100 emails, since last one week, on the related issues and now constraint to write this, after getting my decent note recorded in the last ExecCom and AGM held at Bangalore on 18<sup>th</sup> March, 2017.

The way AGM was conducted at Coimbatore on 25<sup>th</sup> January, 2017 was not only pathetic, rather grossly violated the constitution. Concerns raised during the AGM by me, Prof. Nayak, Hony. Secretary, Mr. R. K. Vyas, Hony. Treasurer, Mr. G. Ramachandran, Fellow, CSI and many others have not even been recorded in the minutes. In fact, AGM minutes have not been drafted, in line with the discussions and decisions taken therein. AGM only approved to undertake Data Cleaning Process, for which 03 members committee under Chairmanship of Mr Ramanathan was formed. Data Cleaning / Updation means to remove redundancy, inconsistencies, errors, etc., reported by the members. The process cannot be used to delete the correct records, where no updation is requested by the members. **Out of a total Voting membership base of 17413, only 4997 have requested to get the fields updated i.e. 28.69%**, which itself is a clear indication of the fact that the updation system was not perfect, user-friendly, **members did not have confidence and were not ready to share their PAN / AADHAR numbers, which are very sensitive and can only be required, as a mandatory data, by financial institutions**, etc. In light of this, which kind of election we are conducting, in democratic, fair and transparent manner is a big question, when **officially 71.31% of the Voting members have been denied Voting and 28.69% are allowed to participate in Voting**, out of which again, many have reported that they have not received the e-Voting credentials.

Debarring the bonafide members from their fundamental right of Voting are the recommendations of the Committee, which need to be deliberated by ExecCom, whether the same is lawful or not. CSI is not a financial Institution and hence the KYC norm of banks, etc., where relationship is consumer and Service Provider, is not applicable to the members of CSI. Voting right is a fundamental right of every member and is protected under Clause No. 4.1.1 of Constitution and Clause No. 2.2.1 of Byelaws, which can neither be denied, nor be amended by any AGM. AGM is not empowered to amend the Constitution or Byelaws by raising hands in the meeting. **Salute to the visionary seniors and veterans of CSI, who probably have envisioned this, in advance and clearly defined the provisions for Constitutional Amendment under Article 07 and Byelaws Amendment under Section 08 of the CSI Constitution and Byelaws, which again cannot be amended by raising hands in any AGM.**

Yes, the results of the balloting for the Amendment will be presented in the AGM for Adoption.

As our voice was neither heard in ExecCom nor in AGM and was feeling suffocated, specially after reading 100+ emails on the related subject, I am constraint to write this email to submit the information to the members.

Unfortunate is happening, we have to stand up and save the CSI.

Thanking you with best regards,

-

Dear CSI Friends

The latest email regarding elections is coming from President CSI.

It is quite surprising that elections are mandate of NC which now has two past officers also but President is conducting elections.

Not allowing members who have not updated details is illegal and unfair by any law in the country.

I request President to explain which rule empowers them to restrict the voting to select few. How under which rule they can cut the time of voting from 30 days to 15 days.

**Subject:** Re: CSI : NC Elections - e Ballot, & Unconstitutional activities, which needs immediate and urgent action

Dear Mr. President,

The fundamental question is still not answered. Can AGM, having limited attendance, overrule Article 07 of CSI Constitution, which clearly defines the procedure for Constitutional Amendments?

Unless the Constitutional Amendment is undertaken, the Voting Right from any member can not be withdrawn, on account of one or other pretext, including data cleaning / updation. Our seniors and CSI veterans were wise enough and envisioned this situation in advance that people having malafide intentions and to suite to the local requirements, might try to amend the provisions of the Constitution and Byelaws within AGM by raising hands, where limited members having limited representations will be present and then Constitution will loose its basic meaning. In light of this, under Article 07, it was made mandatory to first "propose it in a regular meeting of ExecCom and adopt it with at least two thirds of those present in the meeting, for it to be placed on the ballot. .... A vote of at least two-thirds of all ballots cast, provided the total number of those voting is not less than twenty per cent of the total Voting Members in the membership records at end of the previous year, in favour of the amendment shall be necessary for its adoption."

Whether the same has been followed, before denying the Voting Right to 12416 members out of 17413 members i.e. 71.31% members.

Thanks.

Thanking you,

-

Hello all senior members,

Receiving such mails at regular intervals is quite painful. This is not CSI for which I was proud to work for and proud to be a member who was also honored with fellowship. Even today the honor is decorating my drawing room.

For last two years I have been receiving disturbing emails. We have a sound constitution, highly qualified and respected fellows, very senior members who have brought CSI to today's status. Can not current executive go as per constitution and if necessary meet seniors for guidance to decide action?

Either we do that and restore our pride or we shut it down and give funds to PM's relief fund.

Dear CSI Friends

The latest email regarding elections is coming from President CSI.

It is quite surprising that elections are mandate of NC which now has two past officers also but President is conducting elections.

Not allowing members who have not updated details is illegal and unfair by any law in the country.

I request President to explain which rule empowers them to restrict the voting to select few.

How under which rule they can cut the time of voting from 30 days to 15 days.

An invalid AGM with few members cannot decide and modify constitution.

See more such acts of omissions and commissions by the President CSI.

regards to all

**Open Letter from CSI Membership**

**Dear Dr. Anirban Basu, President CSI, Vice President cum President Elect,  
Secretary, Execom Members and Nomination Committee**

This is regarding number of serious issues which have been raised in the last few days by large number of members which require immediate response from all concerned. In case the response on the above is not provided to members, it will be assumed that all issues raised are correct and deemed to have your acceptance. Also the absence of a response from any of the concerned party will be deemed as permission to go ahead with appropriate redressal mechanism to the entire membership which has pan india ramifications.

- Why the elections are being conducted by President CSI?
- Who authorized President to conduct the elections thereby violating the constitution?
- Why NC (both elected by membership and nominated NC by President) i.e. extended NC authorized by the CSI Constitution has been made defunct and by Whom?
- Why the elections of CSI is kept a closed door affair and no schedule and other relevant details not shared with members.
- On what basis (which rule) the incomplete nomination which was earlier rejected by NC was cleared later by execom now?
- Despite the fact that the email of proposers of Mr Patnaik was received beyond the last date i.e. 15th Nov. 2016. (copy of proof available with all execom members in the email from President). Also the statement of Intent was requested in January 2017 from him. **It will be injustice with many prospective candidates, who could not apply thinking that the last date is over. Why others were not given this privilege of applying late?**
- Why was the nomination of Mr Manas Patnaik for Hon. Treasurer not REJECTED as it violates the clause 4.2.6 of CSI Byelaws that - debar any candidate who has direct or indirect interest in any contract relating to operations of the CSI. Mr Manas is the owner of Anthem Global which is vendor of CSI and are maintaining the CSI website and are being paid for the services rendered by them. On the same grounds, the candidature of Mr Datar, a senior CSI member was rejected by the NC of 2013-14 and Mr Sanjay Mahapatra was elected unopposed. Why Mr Sanjay is adopting double standards now because Mr Manas is being promoted by him?**
- Why the nomination of some current chairman of chapters has been accepted by the execom despite the fact that Section 5 of the Constitution clearly states that a chapter chairman will NOT be available for election till he completes his term as Past Chairman of the chapter. This was also rejected by the NC in its slate sent in November 2016 but accepted by Execom now? A clear violation of CSI Constitution.

- Why President has certified in writing that NO disciplinary case is pending against Mr Raju and allowed him to contest elections for the 2017. Email is available on record. The nomination of Mr Raju for Execom elections must be rejected as it is violation of the CSI constitution.
- As per election notice published in CSI Communications "Note -1: The NC is empowered to decide the office for which a member will contest if the nomination is for more than one post". Why the NC did not delete the name of the candidate who have applied for more than one post before seeking withdrawal? This is a clear violation of the CSI Byelaws.
- The AGM held at Coimbatore in January 2017 is invalid - due to the non-compliance of the mandatory clause of Accounts and Secretary Report. In view of this fact the AGM was declared as invalid - as per companies/societies Act which requires that any AGM notice not accompanied by the mandatory enclosures will not qualify to be a complete and correct notice for AGM. **30 days mandatory Notice Period is required to conduct the AGM for transactions of all the items and cannot be treated as the requirement of passing accounts only. In light of this, the AGM itself was Invalid.**
  1. Hence all decisions taken there in the AGM also stand Invalid.
  2. Further, the agenda taken up in any AGM cannot include any item, which has not been deliberated and approved by the Execom and other Statutory bodies.
- The NSDL vendor has been finalised by President and nowhere the execom members except Vice President played any role in the matter - thereby creating more suspicion in elections. Even NC has no clue about the software, no testing done, user acceptance of software failed, etc. Even Secretary of CSI has no information on the same. This makes the software vulnerable to manipulations.
- The entire Execom led by Dr Basu has failed in its responsibility to nominate additional corporate officers to meet CSI Constitution till January 2017. After nominations, expenses were incurred on their travel (Over a lakh of rupees) and then making them defunct. Why has it been done and who is responsible for the financial loss to CSI?
- The CSI elections must give every member an opportunity to cast his vote irrespective of his email, mobile number availability in the CSI data base. The Companies and Societies Act clearly provides that all members should be facilitated to vote. The companies send login and password to all the holders of shares in Physical form also besides the demat form.
- Why was Mr Bipin Mehta removed from Awards Committee and then awarding Fellowship to tainted Mr M L Ravi against the sentiments of our Founding members?
- Why is President (who is unauthorizedly conducting elections) and some Execom members are using CSI Hyderabad office for canvassing of Mr Gautam Mahapatra and sending messages/emails in favour of group of members? **The election is already fixed by the President and his close team as conducting and approving authority is same?**
- It is WRONG AND MALAFIDE to disallow/deprive any member to vote on the grounds of not updating their data in response to email from "so called database cleaning committee". The CSI Constitution is also clear that only online balloting is allowed but access should be provided to all. **Which body has approved that the members who will not update their email ID shall not be allowed to vote, a copy of the resolution be furnished.**
- **Why the database of shortlisted members is not known to anyone even CSI HQ? This speaks of manipulation as no one knows how many members are there for voting?**
- **A VERY SERIOUS ATTEMPT HAS BEEN MADE TO REDUCE THE VOTING TIME TO 14 DAYS AS AGAINST CONSTITUTIONAL PROVISION OF 30**

DAYS. Please refer to clause 5.5 of CSI Byelaws which states that time given to voting members to cast their votes should not be less than 30 days.

**Further, Article 7 of CSI Constitution clearly states that no AGM can make any constitutional amendments unless approved by atleast 20% of the total voting members. AGM at Coimbatore has no powers to amend the time period for voting to 14 days, just with few members (local to the place of AGM), endorsing/rejecting it. Any and all kind of constitutional amendment first be approved by the Execom in its regular meeting and other statutory bodies followed by the Balloting to the General Members, subject to the provisions under Article 7.**

If present process of amendments, which has been undertaken at Coimbatore AGM is allowed, the complete CSI Constitution will lose its meaning and depending on the place of AGM, the amendments will be brought to suit local interests. CONSTITUTION SHOULD BE SACROSANCT and should not be used as a tool by mischievous elements as is being done in the current case.

**THEREFORE ALL THE AMMENDMENTS PROPOSED/ADOPTED AT AGM MUST BE DROPPED IMMEDIATELY.**

□ The new AGM being called at Bangalore on 18<sup>th</sup> March 2017 by CSI President is also Invalid - as till date i.e. 16<sup>th</sup> March, 2017, the required reports have not been made available to the members so that the members can frame their objections, if any and send the same well in time, for discussion/clarification in AGM. This AGM is also Invalid and must be cancelled.

Dear President and the Members of the EXECOM,

The points raised by Mr. Anandrao are very serious in nature and worth discussion, including the Election issue, before proceeding forward for the AGM, being called illegally.

As per the society registration act 1860, it is required to send the Annual Report and audited reports along with Balance Sheet and other Annexures, well in time, normally 30 days in advance to the members, along with the AGM Notice, to facilitate them to go through the same, before attending the AGM, so that the interested members can submit the related questions to Secretary / President, for discussion, during the AGM. This has not been done, so far. Hence, the AGM convened is illegal and unconstitutional. The EXECOM should first deliberate and then convene the AGM with proper compliance to the statutory requirements.

Further, taking control of the Election by the President himself unilaterally and bypassing the duly elected NC is a gross violation of the CSI Constitution.

I am sure the EXECOM will take note of it and ensure the compliance to the Society Act for convening AGM, else the members will be forced to approach to the Registrar of the Societies, for intervention.

Dear Sir/Madam,

### **WITH REGARDS TO AGM AT BANGALORE**

It is really surprising that as on date (15/3/17) I have yet to receive the audited accounts a mandatory item for any AGM under the societies act. A clear months intimation of the notice of the AGM has to be followed by at least two weeks advance the audited income/expenditure statement has to reach concerned. I find nothing in this regard has been done. **This AGM shall be illegal if the basic rules of registrar of societies under the societies Act is not followed in both letter and spirit.**

### **WITH REGARDS TO ELECTIONS**

I remember that the last election we had voted a Nomination Committee to look into all election related issues. I am really surprised that presently the E voting E mails are being sent by the President of the CSI. Thus the nomination committee we had elected earlier as per the democratic process has become defunct as on today. This goes against the ethics of Registered societies act. Even if say all nomination committee had deceased(bhagwan kare aisa na ho

only for hypothetical case)then the special AGM should have been called and decided that because of this natures act president shall take care. **In the present case that has not been done. In the absence of any proper election process and nomination committee defunct the entire election process is invalid and should be cancelled.**

#### **WITH REGARDS TO OTHER ISSUES**

1) CSI was sending to all its members in the earlier years by post Communications monthly, express computers every week and csi journal every trimester. Now none of them [exist.As](#) men and women grow older they may be healthy with a little problem here and there. One could be eye strain due to age. Doctors advise not to stare long time into computer monitors. Based on this I had requested to have my name inserted for getting the communication publication by post way back in Oct 2016 and Dec 2016 to both csihq and also to secy(present VP). No action as on date. I haven't seen the communication since Jan 2017, Feb 2017 and March 2017.

Dear

The earlier mails suggest issues raised which are of grave concern and violates the constitutional rights of the members of the CSI.

Kindly maintain the dignity of CSI and sort out the problems at the earliest, before it becomes too worse.

I hope an appropriate action shall be taken immediately.

With warm regards,

Dear President and the Members of the EXECOM

The issues raised in the trailing mails pertain to gross violation of the constitution. I request you to please stop it and all such activities to maintain decorum and harmony among the CSI family.

Note: I'm still waiting for the link of voting credentials.

On Thu, Mar 16, 2017 at 1:30 PM, Vibhakar Mansotra <[vibhakar20@yahoo.co.in](mailto:vibhakar20@yahoo.co.in)> wrote:

Dear President & Members of the Execom,

The issues raised in the trailing emails are extremely serious and must be addressed before conducting any illegal AGM.

The candidature of the Mr. Manas Pattnaik, is not valid, as he is the owner and promoter of the company; Anthem Global, who is a vendor to the CSI. Who made his candidature as valid? NC is sleeping or what? What Execom is doing? Election E-Mails are coming the President directly? Maintain the dignity of CSI and correct the problems, upfront, before it becomes too bad.

I hope an appropriate action shall be taken immediately.....

Prof. Vibhakar Mansotra

Respected President CSI,

Good evening. The issues highlighted by various CSI members and Prof A K Saini are genuine and valid but are serious in nature as these are not as per constitution and hence are violations. I also endorse the points highlighted by Prof Saini and others. I also request your good self to address and resolve these issues immediately as per the constitution in order to protect the the interest of all CSI members.

Thanks, and Regards,  
Prof Dharminder Kumar

**Subject:** Taking control of the Election by the President himself unilaterally and bypassing the duly elected NC

Dear President and the Members of the EXECOM,

The points raised by Mr. Anandrao are very serious in nature and worth discussion, including the Election issue, before proceeding forward for the AGM, being called illegally.

the AGM convened is illegal and unconstitutional. The EXECOM should first deliberate and then convene the AGM with proper compliance to the statutory requirements.

Further, taking control of the Election by the President himself unilaterally and bypassing the duly elected NC is a gross violation of the CSI Constitution.

**Subject:** Re: Urgent Issues regarding Unconstitutional Practices in CSI, elections and holding of invalid AGM

Dear President CSI

The issues raised by Prof. A.K. saini and others are valid. I endorsed them. Election being conducted by President is very serious as there is question of conflict of interest. In addition other issues are also of serious nature. All these issues must be cleared and clarified before AGM takes place. Therefore AGM be cancelled.

D.K. Lobiyal

Dear Sir,

CSI is registered under under society registration act 1860 with Registrar of Societies at Hyderabad. It is required to send audited report alongwith Balance Sheet and Receipt & Payment account normally 30 days in advance to the members to facilitate them to go through it before the date fixed for AGM, so they can raise the questions related to it. The questions are raised as mentioned in the rules framed & registered with Registrar of Societies, Hyderabad by the Computer Society of India.

I hope the management & members will act as per law & rules as mentioned above in the interest of CSI.

Regards,

Yudhishter Sharma

Hello,

- 1) I am to inform you that in last week of Feb'2017, I had updated my detail as per the CSI mail from the CSI website.
- 2) But, now, when I am trying to do evoting from CSI web page - (i) The member login is not visible, so please email me the weblink for login page
- 3) my login details of Username & Password are not available with me.
- 4) Every elections of CSI it is mandatory to give all these details to enable the CSI Member to vote. It is not received by me as on date.
- 5) If you have already sent, please re-transmit that mail, so that I can avail evoting in time.
- 6) May I request you to kindly mail me login details for evoting by reply mail please.

with best regards

To,  
Manager/MD

With reference to above, so far as on today i.e. 23rd March 2017, I have not received the username and password of the e-voting for the election of National Execom of CSI. I have already updated my particulars on updated portal in the month of Feb. 2017. Moreover I have also encourages my colleagues to do the same at the earliest. I have been 24 years old senior life member of CSI.

I have already conveyed the conformation of my email address and membership # to all concerned well in advance and same have been confirmed the Chairman of Committee Shri Sundar Rajan sir.

Therefore, it is requested that kindly send the username and password for the ongoing E-Voting.

My # is **L0007795**

email : [rkvishwa@gmail.com](mailto:rkvishwa@gmail.com)

Aadhar # : **6987 3294 7404**

What more required, kindly let me know at the earliest.

Thanks

with warm regd.
